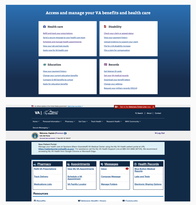
Accessing Veteran Health Records

Veterans can access their health records through the **VA Blue Button Report** or **VA Health Summary** on MHV. Screenshots gathered via an MHV production account.

Click on **Health Records** (MHV) or **Get your VA medical records** (VA.gov)



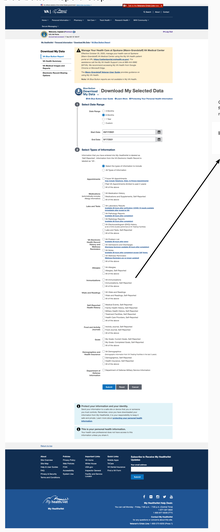
Select **VA Blue Button Report** or **VA Health Summary**

Blue Button

VA Health Summary

Blue Button

Blue Button Report- Step 1



On the Blue Button Report, users can filter for immunizations given by the VA or self report immunizations

Immunizations

- VA Immunizations
- Immunizations, Self-Reported
- All of the above

How many people use the self reporting tool?

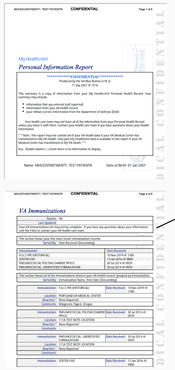
How does self reporting work?

Blue Button Report- Step 2

After selecting **Submit,** it directs the user to a My Downloads Results page, displaying the results of the download request. Users can download their information as a pdf or a text file.

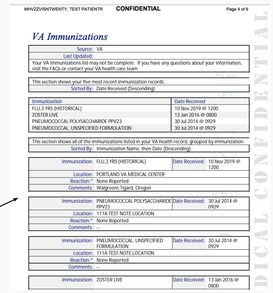
Blue Button Report- Step 3

After selecting **Download PDF,** the report displays. See more in the example health record file linked to this comment



Blue Button

Immunization Report



Lists the five most recent immunizations

Immunization data

- Immunization type
- Location
- Reaction
- Date Received
- Comments

What kind of content is this?
